English

Türkçe

PROFILE

Enthusiastic Front-End & Mobile Developer with hands-on experience in React.js, React Native, and Next.js through academic projects, internships, and personal development. Passionate about building responsive and user-friendly applications, learning new technologies, and contributing to collaborative software teams. Familiar with API integration, state management, and Agile principles, with strong motivation to grow as a developer.

PROFESSIONAL EXPERIENCE

Strajedi, Front-End Developer Intern

07/2023 – 08/2023

Built responsive and high-performance Next.js interfaces, optimized application speed, and collaborated with UX/UI teams to deliver user-centric solutions in an Agile environment.

hub.studio, Front-End Developer Intern

07/2022 – 08/2022

Developed interactive React.js & Redux applications, implemented RESTful API integrations, and contributed to Agile workflows through stand-ups and sprint planning.

PROJECTS

Lexicon – Word Application, React Native, Expo

Developed a cross-platform word learning app with translation APIs and a gamified mode to enhance user engagement.

Encrypt Diary,

React Native, Expo, AES Encryption

Created a secure mobile diary with AES encryption, CRUD operations, and a minimal mobile-friendly UI.

BlurFace – TÜBİTAK 2209-A, Django

Implemented a responsive interface and real-time image processing algorithms for face blurring.

Property Website, React.js, Node.js, MySQL

Built a full-stack property management app with CRUD features and reliable database integration.

Organisation Website, Next.js

Developed a responsive event booking site with EmailJS integration for seamless communication.

Now Yapi Website, React.js

Designed a responsive corporate site with interactive sliders and API-based content.
